Art Unit: 1775

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1,6,8-19,22-26,28,30-41,43,44,46 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Independent claims 1 & 19 disclose an MeC/C component where Me can be W and also includes WC/C as an component, rendering the above claims indefinite. The arrangement of the order of layers is unclear in claim 6 rendering the claim indefinite. The examiner is also unclear about claim 8 – is the hard layer an additional layer or is it a apart of the MeC/C structure? This language also makes claim 8 indefinite.

3. Claims 1,6,8-19,22-26,28,30-41,43,44,46 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Archene Turner whose new telephone number is (571) 272-1545. The examiner can normally be reached on Monday, Wednesday through Friday from 10:30 am. to 6:00 pm.
